ABOUT ME

Highly motivated and dedicated information technology graduate with a strong passion for software development and a keen interest in pursuing a career as a web developer. I am driven by the dynamic nature of the digital landscape. Eager to contribute innovative solutions and collaborate with diverse teams, I'm poised to tackle new challenges and make meaningful contributions in the realm of web development.

EDUCATION AND TRAINING

[14/01/2020 – 28/12/2023]

BS Information Technology

Shaheed Benazir Bhutto University <https://www.sbbusba.edu.pk/>

Address: 67450, Shaheed Benazirabad, Pakistan

PROJECTS

SBBU Knowledge Nexus

- Developed a web application as the final year project facilitating junior student in selecting their Final Year Projects (FYPs).
- Implemented features including a discussion forum for FYP-related queries, a student login portal, and a teacher's dashboard.
- Enhanced student-teacher collaboration and streamlined the FYP selection process through the intuitive web interface.

SemiColonz Cafe Management System

- Developed a comprehensive cafe management system as a desktop application using C# during the second year of studies.
- Designed intuitive user interfaces for managing orders, inventory, and customer information.
- Implemented features for order processing, billing, and generating reports for sales and inventory management
- Enhanced user experience and operational efficiency through systematic data handling and real-time updates.

CERTIFICATIONS

Responsive Web Design

- Comprehensive course covering principles and techniques of responsive web design.
- Proficient in using HTML, CSS & JavaScript to create responsive and user friendly web interfaces.
- Practical knowledge in optimising websites for various screen sizes and resolutions.
- Successfully completed projects demonstrating responsive design principles and best practises.
